

BUGS N' GUNS

Protect the Cargo and Die Trying !

Bugs n' Guns is a third person co-op shooter where players take the role of employees working for Veil Corp. Tasked with retrieving and protecting a lost cargo train players will venture into a hostile insectoide environment filled with aggressive life-forms. Equipped with **elemental weapons** players will need to combine their firepower and overcome the obstacles that come between them and **escort the train** to safety. **Work together** with your partner to protect the train and survive the unforgiving surroundings.
